

In Grade 12, and unsure about your future?

Don't worry, we'll help you figure it out.

You've got a lot going on in your life, it's completely understandable if you're unsure about what's next — there are so many more career and education options today than ever before!

This is where Career and Education Advisors (CEAs) come in. They meet with you one-on-one to help you figure out who you are, what you're interested in, and how your strengths match with learning and work possibilities.

CEAs use the latest tools to explore your options with you; they even help you with paperwork and applications. Advising sessions centre around YOU and are based on your own unique goals, needs and personality.

Looking for advice and support to figure out your next steps? Ask your principal to connect you with a CEA, or email cea@gov.nt.ca.
