What can I expect to do for work if I become a Housing Maintainer?

Housing Maintainers perform preventative and on-demand maintenance, minor repairs and modernization improvements on existing structures and components of buildings. These buildings include individual dwelling units, multi-residential units, small shops, and administrative buildings with individual heating units not exceeding 400,000 BTU's. Housing Maintainers may:

- maintain or repair residential building piping, plumbing fixtures, and appliances for the supply and disposal of water,
- maintain or repair residential building appliances, outlets, fixtures and accessories,
- lay out, measure, cut, shape, assemble and repair wood or wood substitutes in residential buildings including decks, stairs, walls, floors, ceilings, doors, windows, vents and cabinets,
- maintain and replace concrete products, thermal insulation and heating systems,
- maintain gutters, downspouts, flashings, shakes, and roofing systems,
- maintain and repair walls of residential buildings including sheet goods, roll wall coverings, and paint,
- maintain and repair tiles, rolled flooring goods, carpet and underlay in residential buildings,
- maintain small outdoor power equipment for residential building maintenance, and
- performs all duties according to federal, provincial and local building codes and bylaws.

Eligibility Requirements

Entrance Exam – Pass Exam 2 with a score of 70% or higher
or

Completion of the following high school courses

- English 10-2 (pass) or Literacy 20 (65% or higher)
- Math 10C (pass) or Math 10-3 (65% or higher)
