## Purpose

This handbook provides information about programs and opportunities available to high school students. Most of the opportunities listed within this handbook target Northwest Territories (NWT) students and are provided by local organizations. National and international opportunities and programs are also provided within this document that are accessible to students throughout the NWT.

The appendix at the end of this handbook contains a table of contents of the programs and opportunities that are available for youth after high school who are looking for experiential learning opportunities to support them in their career exploration.

Many workshops, conferences, and other programs that may not occur regularly can be found on the [NWT Opportunities](#) Facebook page.

You can also contact your local museum, library, or recreational centre for additional after-school and summer programming.

Indigenous students can also reach out to Indigenous governments to learn about any programs or opportunities they may have available. Please see: <https://www.eia.gov.nt.ca/en/nwt-indigenous-government-directory> for names and contact information for NWT regional and community Indigenous governments.

*Please note that the information in this handbook is current as of August 2022 and may be subject to change. Refer to the contact information for each organization/company for the most up-to-date information.*

*The Government of the Northwest Territories and the Department of Education, Culture and Employment are not affiliated with, and do not endorse, the programs provided within this document.*

## Handbook Contributors

This handbook was compiled by the Career and Education Advisor program of the Student Support and Wellness Division of the Department of Education, Culture and Employment. It is reviewed and updated every summer.

We would like to thank the South Slave Divisional Education Council for providing the initial content for this handbook.

If your organization has a program or opportunity for NWT students in Grades 9-12, or youth who have recently exited high school, that you would like to have listed in this handbook, please contact [CEA@gov.nt.ca](mailto:CEA@gov.nt.ca)

## Objectif

Le présent manuel fournit des informations sur les possibilités et les programmes offerts aux élèves du secondaire. La majorité des possibilités suivantes s'adressent aux élèves ténos et sont proposées par des organisations locales. Les programmes et les possibilités disponibles à l'échelle nationale et internationale auxquels peuvent participer les jeunes ténos sont également présentés dans ce document.

L'annexe figurant à la fin de ce manuel contient une table des matières listant les possibilités et les programmes offerts aux jeunes qui cherchent à gagner de l'expérience professionnelle à leur sortie du secondaire, et ce, dans le but de les aider dans leur choix de carrière.

Beaucoup des ateliers, des conférences et des autres programmes qui n'ont pas lieu régulièrement sont disponibles sur la page Facebook [NWT Opportunities](#).

Vous pouvez aussi contacter le musée, la bibliothèque ou le centre des loisirs le plus proche de chez vous pour en savoir plus sur les programmes qu'ils proposent après l'école ou pendant l'été.

Les élèves autochtones peuvent également se tourner vers les gouvernements autochtones pour découvrir les possibilités et les programmes dont ils pourraient bénéficier. Pour obtenir les noms et les coordonnées des gouvernements autochtones régionaux et des administrations communautaires, consultez le <https://www.eia.gov.nt.ca/fr/gouvernements-autochtones-des-tno-0>.

*Notez que les informations contenues dans ce manuel sont à jour en date d'août 2022 et sont susceptibles de changer. Veuillez communiquer avec les entreprises ou les organismes concernés pour obtenir les renseignements les plus récents.*

*Le gouvernement des Territoires du Nord-Ouest et le ministère de l'Éducation, de la Culture et de la Formation ne sont pas affiliés aux programmes présentés dans ce document et ne les cautionnent pas.*

## Class Afloat

Class Afloat offers rigorous and internationally acclaimed academic programs for Grade 11, 12, university, and gap year students while they sail the world's oceans aboard a majestic tall ship. Class Afloat is a registered independent high school and proud partner of Acadia University offering accredited Grade 11, 12 high school and first-year university courses to an international student crew.

Class Afloat alumni have gained admission to the world's leading post-secondary institutions. Today, they are engaged citizens whose sense of the possible has been enhanced and redefined by their Class Afloat experience. Since 1984, over 2,000 Class Afloat students have sailed more than 800,000 nautical miles to over 250 ports of call worldwide.

Committed to the principles of academic excellence, community service, leadership and personal development, this exceptional program provides young people with the opportunity to develop as individuals, excel as global citizens, and forge lifelong friendships as they explore the world.

## Dechinta Centre for Research and Learning

Dechinta Centre for Research and Learning is a northern-led initiative delivering land-based, University of Alberta and University of British Columbia-accredited educational experiences. Led by northern leaders, experts, elders, and professors, this program engages northern and southern youth in a transformative curriculum based on the innovative needs of Canada's North.

Dechinta is recognized as a leading organization in the field of higher education for its leadership in Indigenous land-based education in the North. They have been committed to delivering programs created by Indigenous northerners for the past decade, and their curriculums are developed specifically to cover critical northern issues from an Indigenous and northern perspective. Courses prepare students for leadership roles in their communities, with a focus on Indigenous law, governance, and women's leadership.

<b>Duration:</b>	1 semester (12 weeks)
<b>Location:</b>	Various northern locations
<b>Cost:</b>	\$2,500 - \$3,000 Dechinta Program Fee (varies depending on the course content) (Scholarships available to cover cost difference for northern students)

# EntrepreNorth Cohort-Based Entrepreneur Growth Program

EntrepreNorth is a project initiative that offers programming to empower Indigenous and community-based entrepreneurs to build sustainable businesses and livelihoods across Northern Canada.

EntrepreNorth's flagship **Cohort-Based Entrepreneur Growth Program** offers 8-10 Indigenous and community-based entrepreneurs in Nunavut, Northwest Territories and Yukon the opportunity to gain the knowledge, skills, and support to help take their businesses to the next level and create a positive community impact at the same time.

A new cohort theme is selected each year. The cohort theme approach ensures that they provide highly relevant and industry-specific content to all program participants.

Cohort 1: Land Crafted Products

Cohort 2: On-the-Land Tourism

Cohort 3: Circumpolar Fashion

Cohort 4: Local Food Products

Cohort 5: Digital Creative

<b>Duration:</b>	Nine months

## Experiences Canada

For over 85 years, Experiences Canada has been offering youth opportunities to explore Canada in ways they never imagined. Experiences Canada offers youth exchanges for participants aged 12 to 17 years old. The exchanges are organized between groups of 10 to 30 young people. Their reciprocal exchanges offer life-changing experiences: enabling young Canadians to build personal skills and self-confidence; form new friendships; deepen their knowledge of a second language, of other histories and cultures, and inspire them to become more actively engaged in their communities.

Virtual Exchanges are also available through Experiences Canada. Virtual Exchanges encourage youth to discover and share the diverse histories, geography, languages, cultures, and ways of life that shape their communities and our country. Virtual Exchanges can support social studies, language, and creative studies curricula from Grades 7-12, as well as second language learning. In addition to the typical pairing of two schools or youth groups, in recognition that many youths are studying independently at home, Experiences Canada is also offering an option for youth to apply individually and be twinned with other individual youth in Canada.

<b>Duration:</b>	One week
<b>Location:</b>	Various locations across Canada
<b>Cost:</b>	<ul style="list-style-type: none"> <li>• \$250 application fee (by group).</li> <li>• \$250 participant fee (once the application has been approved).</li> <li>• All travel costs are covered by Experiences Canada/Department of Canadian Heritage.</li> </ul>
<b>Eligibility:</b>	Ages 12-17

## Explore

Explore is an intensive French-immersion program that is offered during the spring and summer. If you are interested in learning or improving French and travelling to a new part of Canada, then Explore might be the perfect program for you. The Explore program provides \$2,800 (\$2,240 for virtual sessions) for each participant ages 16 years and older and \$2,000 (\$1,600 for virtual sessions) for participants 13 to 15 years of age. This amount covers the major expenses for your participation in the program. Students will discover another region of Canada while learning French in classes adapted to their language level.

Through classroom instructions, workshops, sociocultural activities, and field trips, they will not only improve their language skills and gain university credits, but discover the culture of a new region as well, all while exploring, meeting new people from across the country, and exchanging ideas in a stimulating environment perfect for learning French. Virtual Sessions are available.

Further opportunities available through *Languages at Work* (pg. 26)

<b>Duration:</b>	1 month (May-August)
<b>Location:</b>	Select Canadian universities
<b>Cost:</b>	\$275 registration fee (travel not included) *Funding opportunities are available
<b>Eligibility:</b>	Be a Canadian citizen or permanent resident (those studying in Canada on a student visa are not eligible) and meet the institution's minimum age requirement by the time Explore begins (13-15, 16-17, or 18+)

## Forum for Young Canadians

Forum for Young Canadians presents a fun and valuable opportunity to meet other young Canadians during a week-long behind-the-scenes experience in the world of federal politics on Parliament Hill. Students learn how to share, collaborate, and turn their ideas into community action. They also have a chance to meet Members of Parliament, Senators, and other figures in government and the public service.

For decades, Forum has provided a unique space for youth to experience Canada's multifaceted democracy and the institutions that form its foundation. The time has come for Forum to be reimagined for young people today by building on the program's strengths and legacy, while adapting to new and innovative opportunities for experiential learning and engagement. Now is the time to make sure young leaders receive the support and the tools they need to ensure their continued meaningful engagement in all areas of Canadian society.

<b>Duration:</b>	1 week (October/February/March)
<b>Location:</b>	Ottawa, ON
<b>Cost:</b>	\$995 (travel included)
<b>Eligibility:</b>	Ages 15-19

## FOXY (Fostering Open Expression Among Youth) Peer Leader Retreat

Fostering Open eXpression among Youth (FOXY) leads a retreat based around learning about sexual health, healthy relationships, the arts, leadership, and self-empowerment. Previous experience with the arts or artistic talent is not required, but it is hoped girls will enjoy expressing themselves through the visual arts.

Participants at the FOXY Peer Leader Retreat will have the opportunity to learn about sexual health and healthy relationships through photography, music, theatre, digital storytelling, and traditional beading.

All participants will spend time during the Retreat planning a small community project that they will deliver with help from a mentor and FOXY when they return to their home communities. The FOXY team will provide resources to assist with the planning and will help connect the peer leader with supports when they return home. Participants will receive two high school credits for their active participation in the Retreat, and two additional credits for their completion of a community project when they return to their home communities.

The program runs twice during the summer months.

<b>Duration:</b>	1 week (July/August)
<b>Location:</b>	Yellowknife, NWT Blachford Lake Lodge, NWT
<b>Cost:</b>	Free (travel included)
<b>Eligibility:</b>	Girls aged 13-17
<b>Contact:</b>	Website: <a href="https://arcticfoxy.com/retreat/">https://arcticfoxy.com/retreat/</a>

## Inspire NWT

Inspire NWT is a 12-week entrepreneurial leadership program that will show young people what they're capable of. This discovery experience will advance their employability and leadership skills by learning entrepreneurship from a northern perspective.

They'll address problems in their community through the creation of new business ideas or initiatives. Along the way, they'll set personal and professional goals for the future and be guided by local instructors and business mentors who will help them reach their goals.

<b>Duration:</b>	12 weeks (starting in September)
<b>Location:</b>	Online
<b>Cost:</b>	Participants are paid \$400 per week.
<b>Eligibility:</b>	<ul style="list-style-type: none"> <li>• Between the ages of 18-30.</li> <li>• Live in the Northwest Territories.</li> </ul>

## Katimavik – the National Experience

Katimavik offers young adults opportunities to gain life skills and work experience while contributing to community development through volunteerism and employment.

As part of the National Experience, diverse groups of young people will spend five months living together in the iconic Katimavik house, while discovering two different communities in Canada. Participants spend the weekdays volunteering with community organizations, helping others, and gaining new skills. As a group, they also engage in additional learning activities and develop their own group projects.

Throughout the experience, Katimavik volunteers develop specific competencies that aim to increase self-confidence and leadership skills, while discovering their potential to make contributions that will shape the future of Canada. Some of the topics that are explored include civic engagement, autonomous living, healthy lifestyles, and environmental stewardship. Katimavik aims to help youth become engaged, caring citizens and capable contributors and leaders for a better Canada.

<b>Duration:</b>	5.5 Months <ul style="list-style-type: none"> <li>January 11, 2023 – June 14, 2023</li> <li>July 14, 2023 – December 13, 2023</li> </ul>

## MAKEWAY – Northern Youth Leadership

Northern Youth Leadership (NYL) runs remote wilderness programming for youth aged 11–17 from across the NWT, with some programming open to youth from across the territories and Inuit Nunangat. NYL programming helps youth develop leadership skills, life skills, emotional resilience, and to challenge themselves through positive risk-taking. In addition, NYL runs the Leadership Development Program, which is a youth employment program that includes mentoring, training, and paid employment opportunities. On average, NYL runs four to six programs annually involving 75 youth from approximately 30 communities across Canada.

Northern Youth Leadership strives to be inclusive and remove as many barriers as possible to participation. All programming is free to participants. NYL covers the cost of return travel from their home communities, accommodation, and food. NYL can do this thanks to generous financial partners.

## Northern Youth Abroad (NYA) – Canada Program

Participants learn about group dynamics, self-reliance, leadership techniques, increasing confidence, health and safety in the workplace, and on-the-job skills. Following orientation, participants travel in pairs to live with host families across the country and begin a six-week volunteer work placement. While on placement, participants gain hands-on workplace experience in a chosen field and engage in cultural sharing in their host community. Before returning to their home communities in late August, participants gather once again in Ottawa for a Re-Orientation session.

“Re-O” (Re-Orientation) provides participants the opportunity to reflect on, celebrate, and document the positive changes they experienced over the course of the program and offers techniques for participants to maintain the momentum gained throughout the summer and utilize it to benefit their home communities. Participants are also responsible for preparing a presentation on their NYA experience that they can share with their communities, families, and friends. Returning participants have a clearer sense of their identity and of their own interests, skills, and career objectives. They also earn up to nine high school credits for their efforts.

<b>Duration:</b>	Late June to early August
<b>Location:</b>	Ottawa, ON
<b>Cost:</b>	\$1,000 (travel included) *Cost can be supplemented through fundraising
<b>Eligibility:</b>	Ages 15-20
<b>Contact:</b>	Website: <a href="https://nya.ca/">https://nya.ca/</a>

## Northern Youth Abroad (NYA) - Next

NYA Next works to revisit, reinforce, and build upon many of the facets and lessons of its national program by promoting education, personal growth, cultural awareness, and career preparation. The purpose behind the program's creation is to allow for NYA's desire to build a more diverse offering, emphasizing goal setting and achievement, which can be individually tailored to each participant's interests and needs. This is then highlighted by a distinct Personal Learning Project that each participant will complete and will be accessed and facilitated through the aid of the program's Personal Achievement Coach. The bulk of the summer placement for NYA Next will take place at Algonquin College in Ottawa, where participants will learn about construction and building; engage in volunteer work and service learning; and participate in a multitude of group activities.

Participants earn up to nine high school credits for their efforts.

<b>Duration:</b>	July-August
<b>Location:</b>	Ottawa, ON
<b>Cost:</b>	\$1,500 (travel included) *Cost can be supplemented through fundraising
<b>Eligibility:</b>	<ul style="list-style-type: none"> <li>• Ages 16-22.</li> <li>• NYA Canada Program Alumni.</li> </ul>

## Northern Youth Abroad (NYA) - International

Emphasizing international citizenship, the international program revisits, reinforces, and builds upon many of the facets and lessons of the national program, continuing to promote education, personal growth, cultural awareness, and career preparation. International participants travel as a group to a foreign country to contribute to a local volunteer initiative, build career skills, increase independence, acquire new knowledge and experiences, and exchange culture with local Indigenous populations. Cultural exchange and immersion in local life is a key component of the international program as it allows participants to explore the similarities and differences between the people, cultures, and circumstances of their home communities and those of their placement community.

Participants earn up to nine high school credits for their efforts.

<b>Duration:</b>	July-August
<b>Location:</b>	International
<b>Cost:</b>	\$1,500 (travel included) *Cost can be supplemented through fundraising

## Students on Ice

Students on Ice believes in the immeasurable power of youth voices and action to bring about positive change. Our world faces numerous challenges, and there can be no doubt that youth are critical to creating a healthy, more sustainable tomorrow. The program's educational focus has expanded from leading educational expeditions to the Arctic and Antarctic for youth, but the purpose remains the same: only by connecting youth with the knowledge, people, and resources that enable them to be part of the solution can we succeed in building a future that benefits both people and the planet. From expeditions to youth leadership opportunities and careers, Students on Ice offers a number of programs to support youth.

Students on Ice was established in 2000 with the mandate to educate the world's youth about the importance of the polar regions, to support their continued growth and to inspire initiatives that contribute to global sustainability through Arctic and Antarctic educational expeditions.
